

Loterie Nationale, Luxembourg
User Acceptance Testing Analyst Junior

About Loterie Nationale

Loterie Nationale is the public gambling operator in the Grand-Duchy of Luxembourg. Our product range includes draw games (EuroMillions, Lotto, Zubito, High 5, Eurodreams), scratch games (Rubbel), virtual lottery terminals (Videolot) and sportbetting (PMU and LoterieSport). Our offer is distributed through 600 points of sales and online. Loterie Nationale is committed, from the design of its games to their sale, to preventing the development of excessive gambling behaviors and protecting minors, thanks to the implementation of a structured program of responsible gaming.

Loterie Nationale has been managed by Œuvre Nationale de Secours Grande-Duchesse Charlotte since 1945. Whole of the gaming profits made by Loterie Nationale are transferred to Œuvre Nationale de Secours to finance its philanthropic activities within the social, cultural, environmental, health & sports and memory & heritage areas.

Loterie Nationale is recruiting an User Acceptance Testing Analyst Junior to reinforce its User Acceptance Testing team.

Key responsibilities

The User Acceptance Testing Analyst Junior is responsible for the quality of deliveries s/he is assigned to validate. His/her job is to methodically plan and execute test scenarios to ascertain the level of quality of a defined software scope. The Acceptance Tester will work closely with the Project Manager and/or other User Acceptance Testing Analysts to ensure that the scope and schedule of his/her assignments are met.

As full-time User Acceptance Testing Analyst Junior your missions will primarily include:

- Plan the test cycle, within the allotted time and scope of the project plan
 - Create and/or revise existing test cases to be used in a test cycle
 - Ensure traceability of test cases to requirement scope in accordance with the Project Manager
 - Provide feedback on the quality of the delivery by executing the allocated test cases and logging defects for issues found
 - Support the end users in validating that their business requirements often expressed as new change requests have been met
 - Coordinate and collaborate with the project teams, both internal and external as to achieve a successful customer acceptance test conclusion.
 - Work closely with testing peers, during each testing cycle to ensure smooth communication and efficient resolution of each issue encountered
 - Contribute to the continued development of the Loterie Nationale's test process and team knowledge
 - Participate in the elaboration process of user requirements.
-
